Calling all parent helpers!

Parents play a huge part in the success of our scouting programs - we couldn't do it without you! Did you know parent's can be registered as helpers and can participate in up to 5 meetings before requiring further screening and training?! Add some valuable help to your team by following these easy steps:

1. Access the applicable section dashboard in myscouts
2. Select Add Parent Helper - the Find & Add a Parent popup window displays:
3. Find the parent you wish to add the non-member (parent helper) role record too, and click ADD PARENT - the Add Parent Helper popup window displays
4. In the Role field, choose between Parent Overnight or Parent Helper.
5. To save the record, click the ADD ROLE button.

PLEASE NOTE: If a parent of an active participant does not appear in the list, this indicates that the parent record is not linked to the record of the participant. If this scenario exists, please contact the Help Centre.

As soon as this role is added, the parent who you have just assigned a role to, can log into myscouts to sign the Code of Conduct electronically.

Want to be a certified canoeing instructor?

Canoe School, a partnership between Paddle Manitoba and Manitoba Pioneer Camp, invites Scouting adults and youth (16+) to come out on the May long weekend to become Paddle Canada canoe instructors.

Paddle Canada courses are a big part of the paddling OAS. Instructor certification is a requirement at stage 9.

3 Manitoba Scouts earned their instructor certs at Canoe School last year and have already been out teaching newer paddlers – a perfect example of youth-led Scouting!

For info, check out the [canoe school website](#)

Recognize this place??

If you come to Quest this year, you might get to see this little piece of Manitoba history.

Quest is all about back-country canoe tripping. It's an awesome adventure for youth who are 12 years old and up (and scouters too).

All the details and registration information are on the Quest website - <https://sites.google.com/site/questmanitoba/home>
