Introducing Vertical Skills - Support Scouter

Hello fellow Scouters, my name is Mario Ferreira. I have been involved in climbing for the past 5 years and have a lot of experience with indoor and outdoor rock climbing in Canada and the US. I am certified to instruct climbing courses for beginners through the Association of Canadian Mountain Guides. Climbing has had a very positive impact on my life and I hope to share my passion with you and the Scouts organization.

Mario will soon be available for Group/section visits to help youth prepare for exciting vertical skills adventures. Contact information will be available on the Council website and announced on Manitoba Scouting Facebook group shortly.
